**e. Special Findings**

The City Council of the City of Corpus Christi, Texas, finds and determines that this Plan will not provide any fewer services or a lower level of services in the annexation area than were in existence in the annexation area at the time immediately preceding the annexation process. The service plan will provide the annexed area with a level of service, infrastructure, and infrastructure maintenance that is comparable to the level of service, infrastructure, and infrastructure maintenance available in other parts of the municipality with topography, land use, and population density similar to those reasonably contemplated or projected in the area.

The City reserves the right guaranteed to it by the Texas Local Government Code to amend this Plan if the City Council determines that changed conditions or subsequent occurrences or any other legally sufficient circumstances exist under the Local Government Code or other Texas laws to make this Plan unworkable or obsolete or unlawful.

#### **f. Amendment: Governing Law**

This Plan may not be amended or repealed except as provided by the Texas Local Government Code or other controlling law. Neither changes in the methods or means of implementing any part of the service programs nor changes in the responsibilities of the various departments of the City shall constitute amendments to this Plan, and the City reserves the right to make such changes. This Plan is subject to and shall be interpreted in accordance with the Constitution and laws of the United States of America and the State of Texas, the Texas Local Government Code, and the orders, rules and regulations of governmental bodies and officers having jurisdiction.

#### **g. Force Majeure**

In case of an emergency, such as force majeure as that term is defined in this Plan, in which the City is forced to temporarily divert its personnel and resources away from the annexation area for humanitarian purposes or protection of the general public, the City obligates itself to take all reasonable measures to restore services to the annexation area of the level described in this Plan as soon as possible. Force Majeure shall include, but not be limited to, acts of God, acts of the public enemy, war, blockages, insurrection, riots, epidemics, landslides, lightning, earthquakes, fires, storms, floods, washouts, droughts, tornadoes, hurricanes, arrest and restraint of government, explosions, collisions and other inability of the City, whether similar to those enumerated or otherwise, which is not within the control of the City. Unavailability or shortage of funds shall not constitute Force Majeure for purposes of this Plan.

#### **h. Level of Service**

Nothing in this plan shall require the City to provide a uniform level of full municipal services to each area of the City, including the annexed areas, if different characteristics of topography, land use, and population density are considered a sufficient basis for providing different levels of service.

The City of Corpus Christi will provide services to the newly annexed area in a manner that is similar in type, kind, quantity, and quality of service presently enjoyed by the citizens of the City of Corpus Christi, Texas, who reside in areas of similar topography, land utilization and population density.
