

Beat — THE — HEAT

Updated 7-21-20

Summer 2020

For the 11th year, Reliant's Beat the Heat Program in partnership with the Corpus Christi Parks & Recreation Department will provide a safe way for Corpus Christi residents to stay cool during the hottest days of summer. New this year, Reliant will power the summer by providing fun at-home family activities using their **games packet, personal mini cooling products, and cool snacks** for residents to pick-up curbside at designated centers to help them keep cool in their homes, while they **Play It Safe** by wearing masks and continuing to practice social distancing. For persons who qualify, Arctic Air Coolers will be available for pickup by appointment only. Everyone is invited to participate in **virtual activities** for play and fitness to be offered on the [Parks & Recreation Facebook page](#).
