## Welcome to the Corpus Christi Cone Zone Ayers Edition

The latest information on the Ayers Pedestrian project direct to your inbox!

### Construction Updates

#### Road Excavation Continues on Ayers Street Project

This week on Ayers Street, road excavation continues from Mansheim Boulevard to Sunnybrook Road, and placement of limestone road base continues from McArdle Road to Mansheim Boulevard. Additionally, the contractor continues the installation of storm sewer pipes, curb inlets, and stormwater manholes on Ayers Street from Mansheim Boulevard to Sunnybrook Road. Work on fire hydrants along Ayers Street from Sunnybrook Road to Gollihar road also continues.

Next week, the contractor plans to continue road excavation and placement of limestone road base on Ayers Street from McArdle Road to Mansheim Boulevard. Installation of storm sewer pipes, curb inlets, and manholes will also continue. In the coming weeks, the contractor expects to begin installing new curb and gutter on the east side of Ayers Street from Nemec Street to McArdle Road.

All work is weather permitting.

Safety is a top priority, so motorists and pedestrians are reminded to be aware of the work zone, follow all traffic control devices, and use alternate routes to avoid delays.

Lane Closures:

- Johanna Street to Crosstown/SPID Interchange (Northbound) – The outside thru lane on Ayers Street is closed approaching the Crosstown/SPID interchange. This lane closure will continue through the underpass of SPID. This closure will not impact access to the eastbound frontage road.
- Johanna Street to Crosstown/SPID Interchange (Southbound) - The left turn lane and median openings are closed.
- Crosstown/SPID Interchange & Ayers Street Intersection (Northbound) – Northbound Ayers Street is CLOSED at the Crosstown/SPID Interchange intersection. Motorists must use alternate detour routes such as the SH 286 northbound frontage road, Gollihar Road, Kostoryz Road, or McArdle Road to access local businesses.
- Crosstown/SPID Interchange to Gollihar Road – Ayers Street is reduced to one-lane, one-way traffic flow in the southbound direction only. Access to all local businesses is provided.
- Ayers Street and Gollihar Road Intersection – The outside thru lane on Ayers Street, in the southbound direction only, is closed approaching the Gollihar Road intersection.
- SH 358 Frontage Road (Eastbound) – The shared thru left turn lane is closed.

#### Email Updates - Tell Your Neighbors To Sign Up!

Good News! You are already receiving the email alerts for construction. We need your help in spreading the word to neighboring businesses on Ayers.

### Business Feature

#### Construction Progress on Ayers Street Returns Business' Traffic to Normal

Daily traffic has returned to normal levels at the Whataburger located at 2402 South Padre Island Drive, at the intersection of Ayers Street. Throughout Phase 2 of the Ayers Street construction project, intermittent temporary lane and intersection closures had affected traffic flow in the area. However, recent progress of construction has allowed for all driveway access points to the Whataburger restaurant to remain visible and accessible, says manager Maria Flores.

Whataburger staff still recommends that hungry customers access the restaurant from South Padre Island Drive or Nemec Street to avoid the construction zone on Ayers Street. This Whataburger location is open 7 days a week from 6 a.m. – 12 a.m and currently has both dine-in and drive-thru service available. Customers are encouraged to use the updated and improved [Whataburger App](#) to submit orders for pick-up.
